

THERE IS NO PERFECTION WITHOUT PASSION

KAMACHI GROUP

“ मंजिलें तय कीजिए
राहें चुनिए
कामयाबी हर मोड़ पर दस्तक देगी ! ”

MESSAGE FROM THE CHAIRMAN

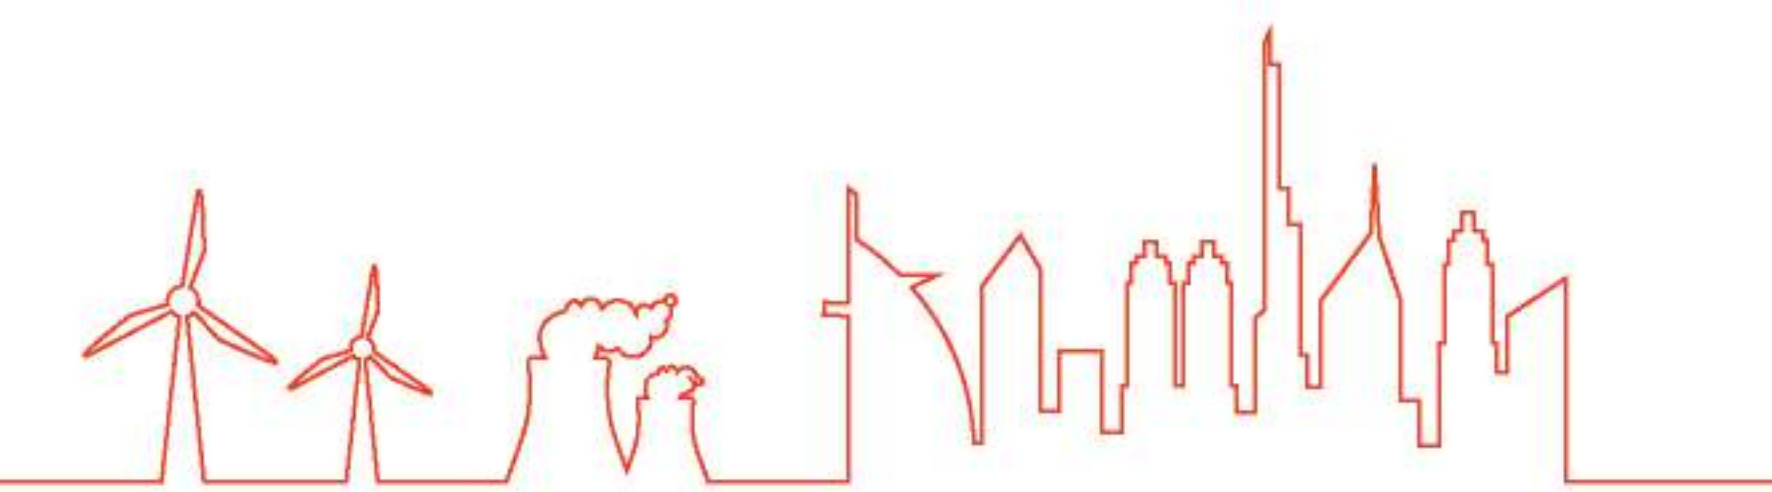

Dear Friend,

Passion, ethics and skill are tools that help us give meaning and purpose to everything we do. To me, this represents the sole objective of growth. To grow is to change. Change is anything but constant and through successes and failures, we have learnt and grown. From origins of a humble nature and traditional wisdom to being a group millions trust, we are passionate in our goal to be one of the top business houses in the country. As a group, we focus relentlessly to achieve the highest levels of respect, and our actions will always reflect it.

The future holds great promises and we have promised ourselves to realise each of them. Kamachi Group is one such promise, realised.

THE TRUE VALUE OF PASSION

Passion is the underlying bloodline that pulsates through the Kamachi group, ingraining the need to create new benchmarks with every process. It sets the pace of technological innovation, inspires sustainable solutions, drives excellence, urges uncompromising quality and spurs leadership. It transforms the Group's philosophy and values into real goals, ideas into results, and ambition into success. It is this passion that brings alive the commitment to provide clients with premium products like Kamachi TMT re-bars and other diverse services.

THE PROMISE OF PERFECTION

The cornerstones of the Group's existence are based on accomplishing its high ethical standards, strong customer focus, challenging work environment and rewarding opportunities for employees.

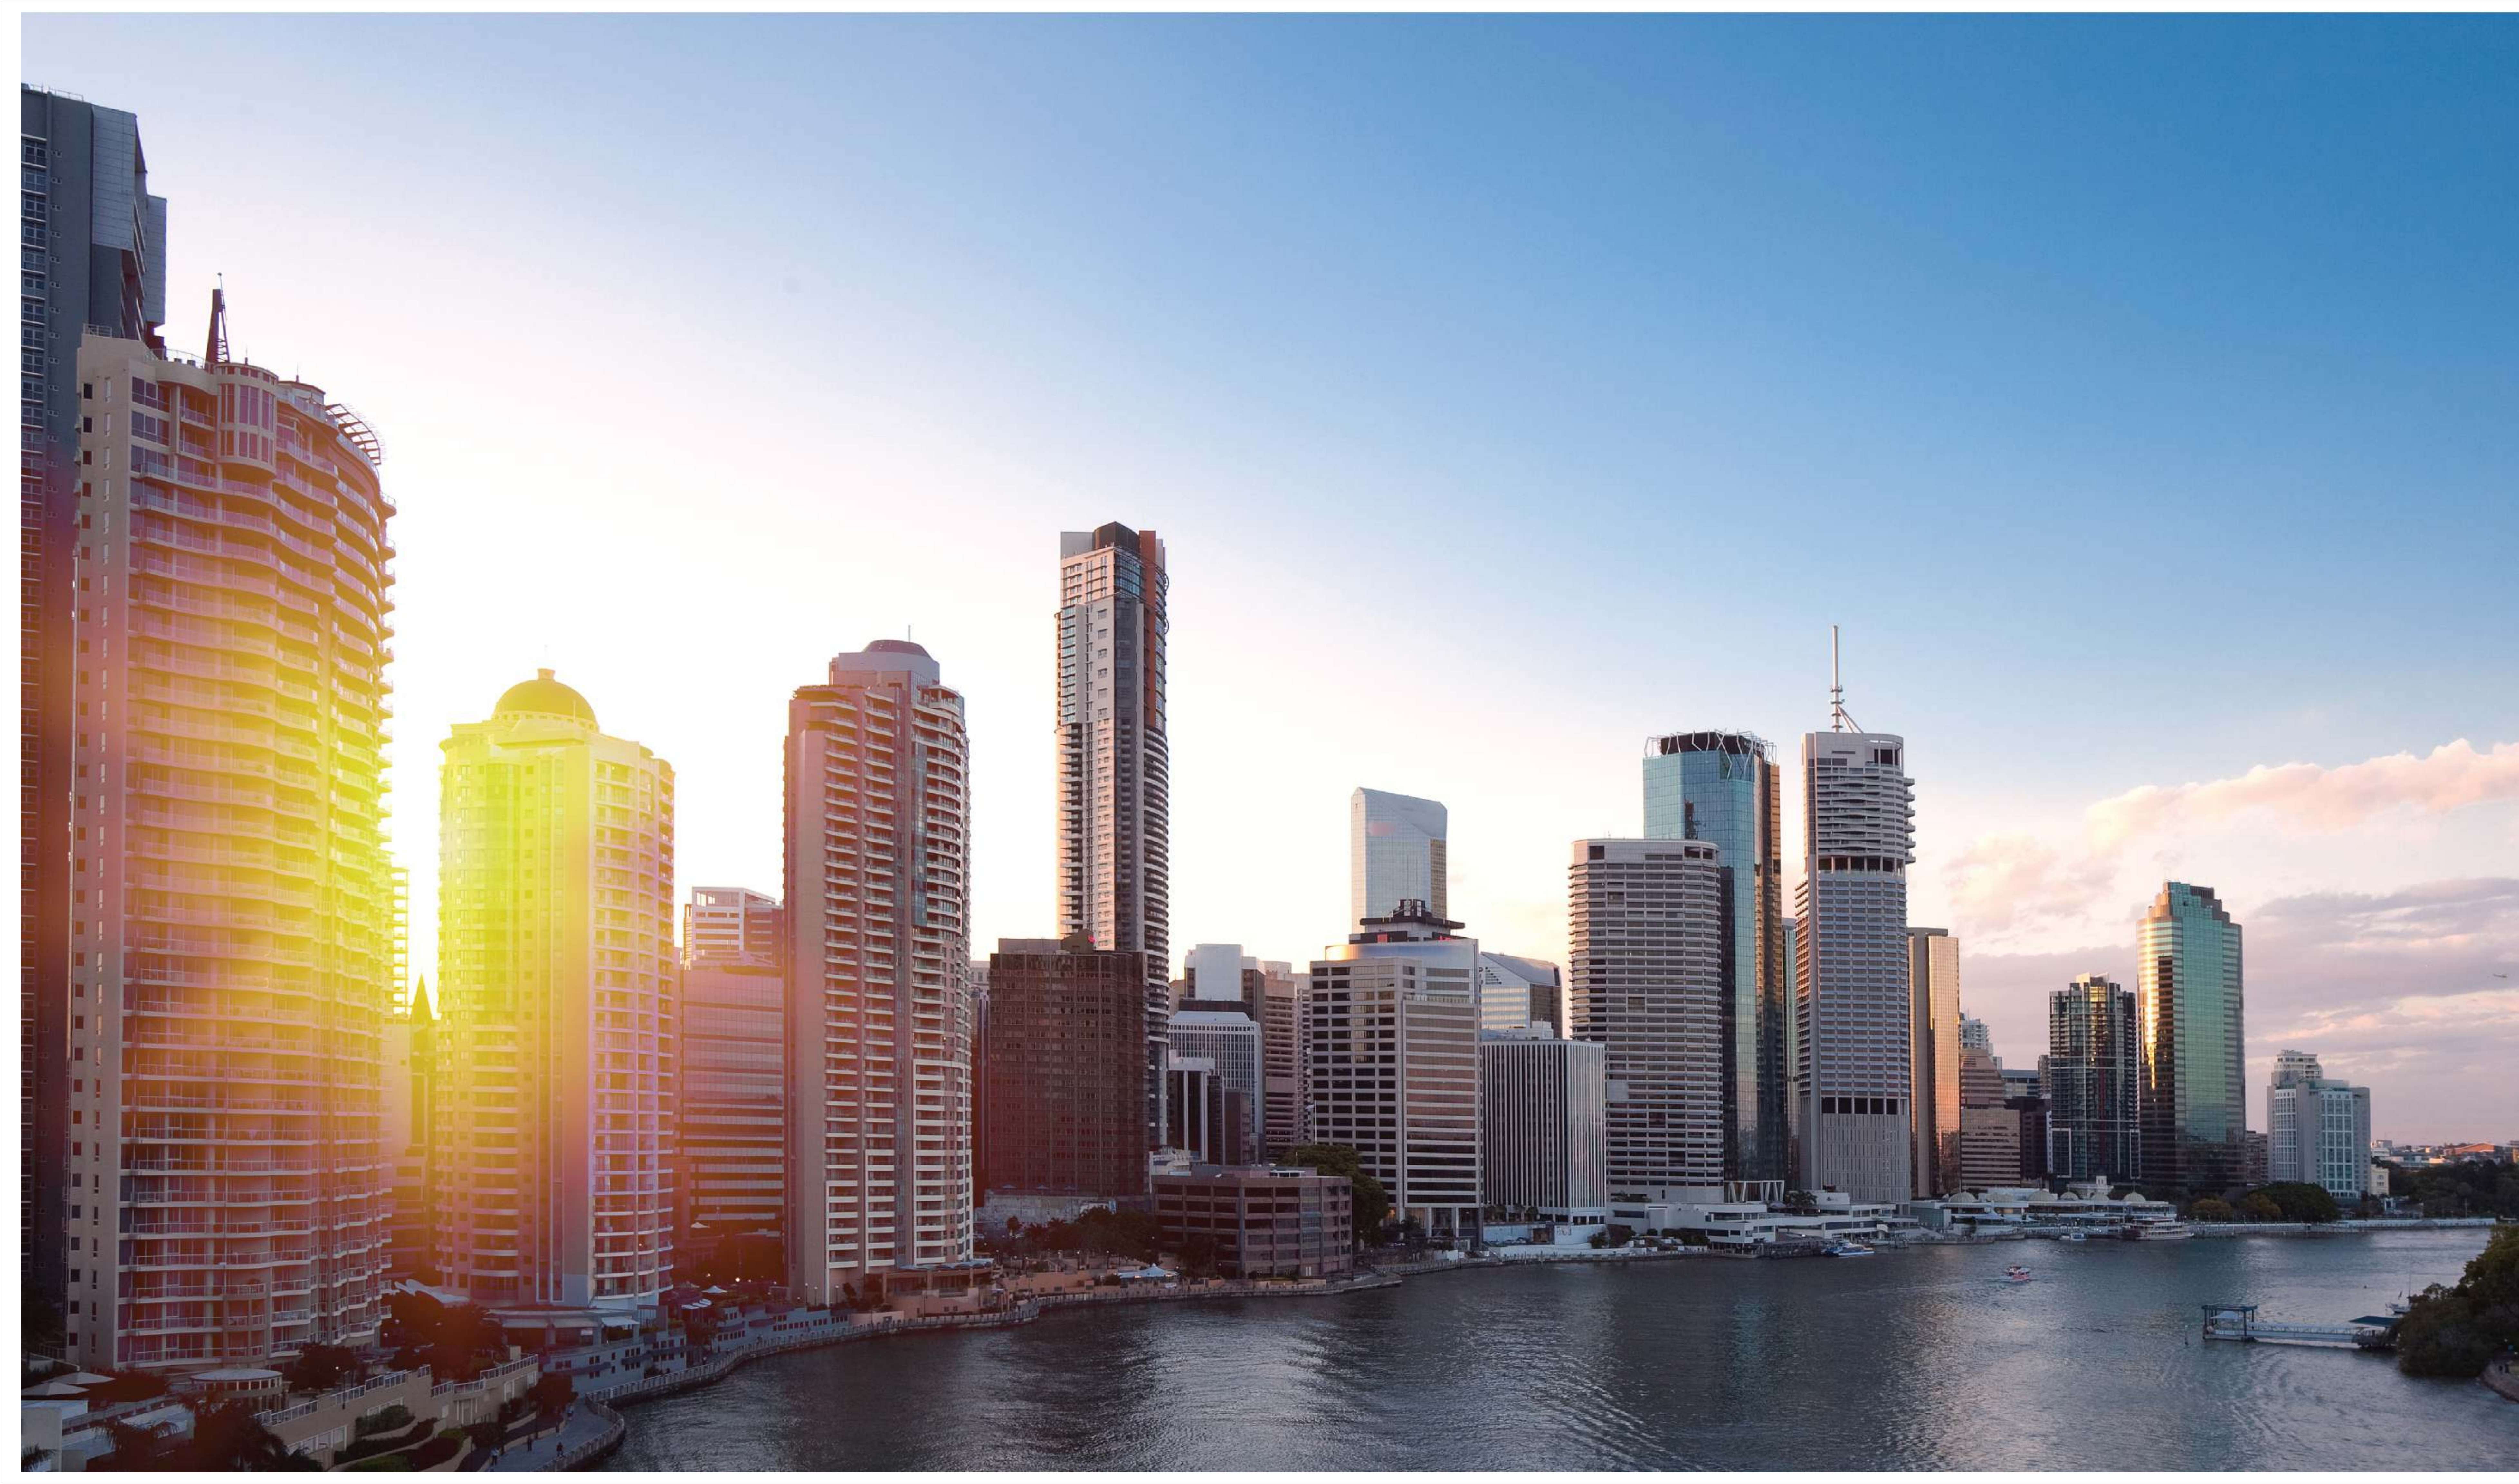

This corporate philosophy serves as our driving force and we strive towards it with self-governance, transparency, expertise and integrity. The Group is committed to fair and clear business management based on these principles.

VISION

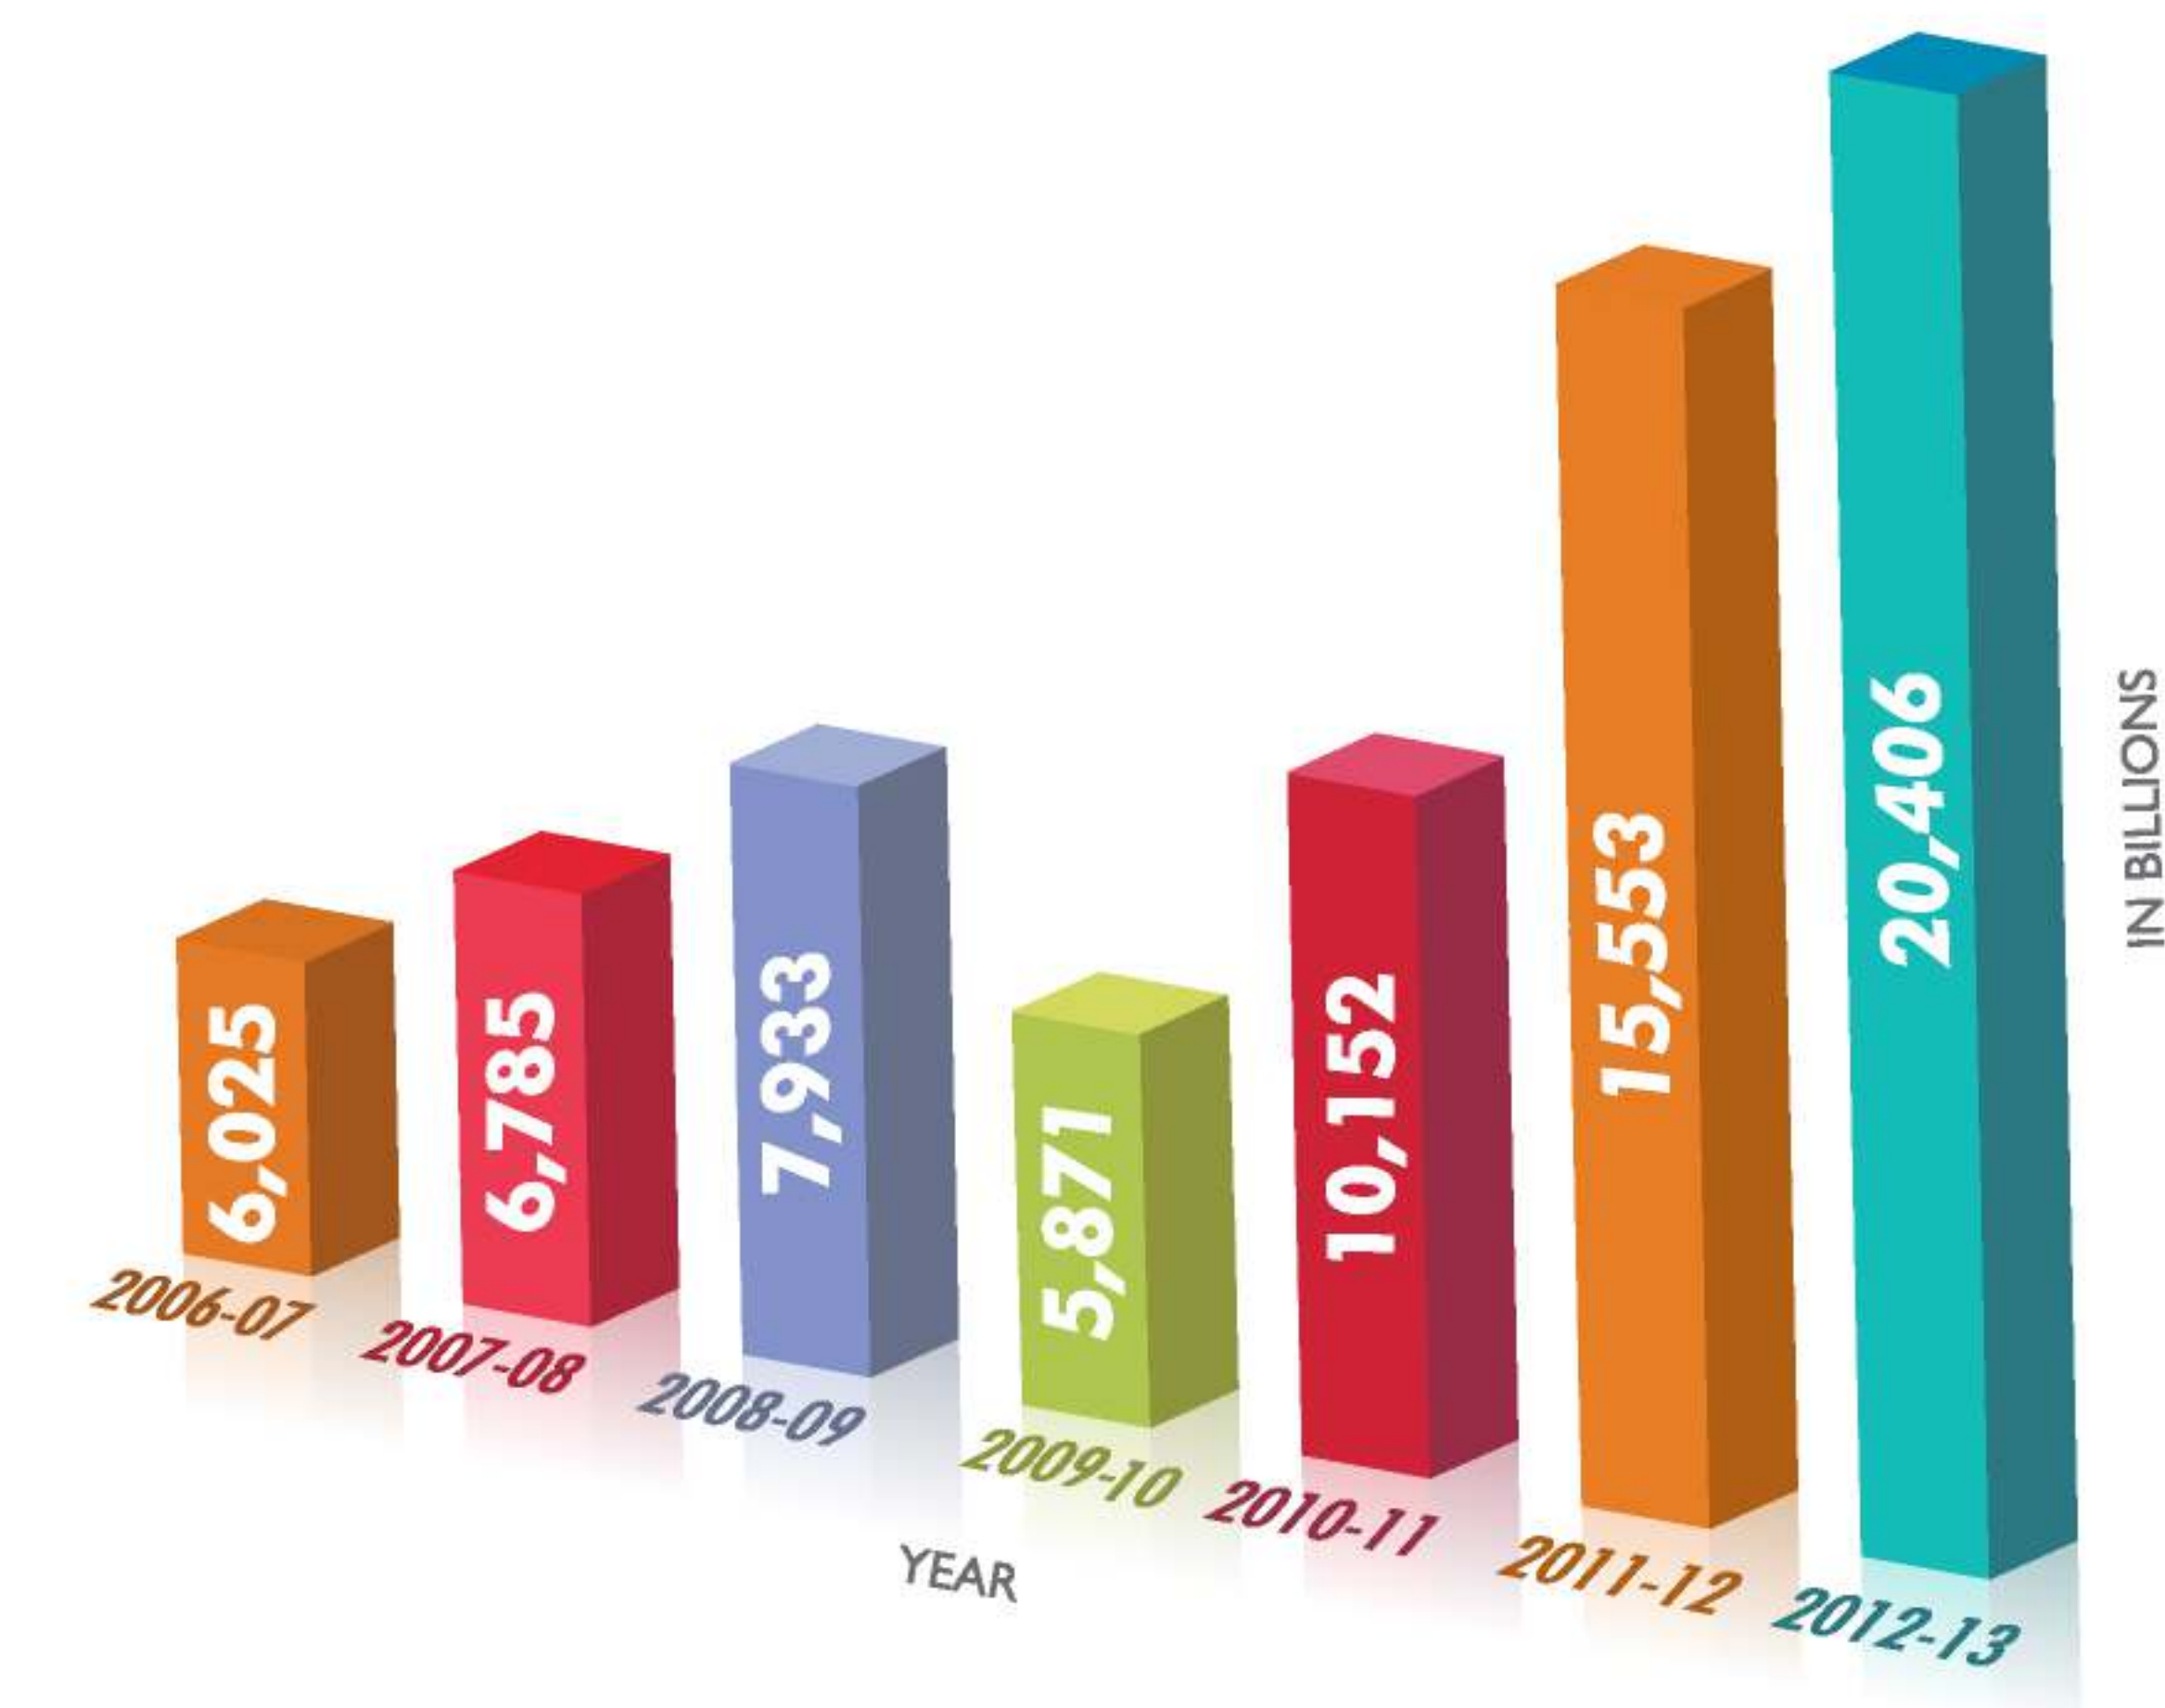

To set new benchmarks of being an organisation of processes and people. To ultimately reach the stature of highest honour and admiration among competitors and business organisations.

MISSION STATEMENT

- Integrating ethics and purpose in business endeavours, while marching ahead towards prosperity. Planned and phased value addition to the brand 'Kamachi TMT' and the group 'Kamachi'.
- Building the organisation on integrity, professionalism and fair business practices to achieve world-class standards of excellence at all levels of management for each and every business group.
- Developing business models with highest dedication and precision to uphold the trust and confidence entrusted upon the Group by customers across the world.

THE RISE OF KAMACHI GROUP

With a heritage spanning 3 decades, the Group has risen rapidly in its commercial length and breadth. The Group started its journey in 1978 as a modest trading company of mild steel scrap in Chennai, Tamil Nadu. Today, with a turnover of over INR 20 million, the Kamachi Group operates a wide spectrum of industries encompassing Steel Manufacturing, Granites/Marbles, Energy Generation and Imports & Exports. These business units cater to various industries across India and the rest of the world.

Over the years, our key focus has been to create a well-designed, organised, continuous backward and forward integrated, clean steel making facility to produce a variety of products from re-bars to wire-rods.

The organisation is currently one among the most competitive business groups and a market leader in the steel sector of Southern India. Lead by passion, fostered with values and driven by the commitment to rise high, the group has scaled new heights of success and is poised to continue its growth momentum in the years to come.

THE BELIEF IN SUSTAINABLE GROWTH

Powering into the future and inspired by a strong vision of leadership, the group promotes ideas that will become a force in the future. Many of these initiatives are already in the pipeline and have tremendous potential.

The projects that are currently being planned:

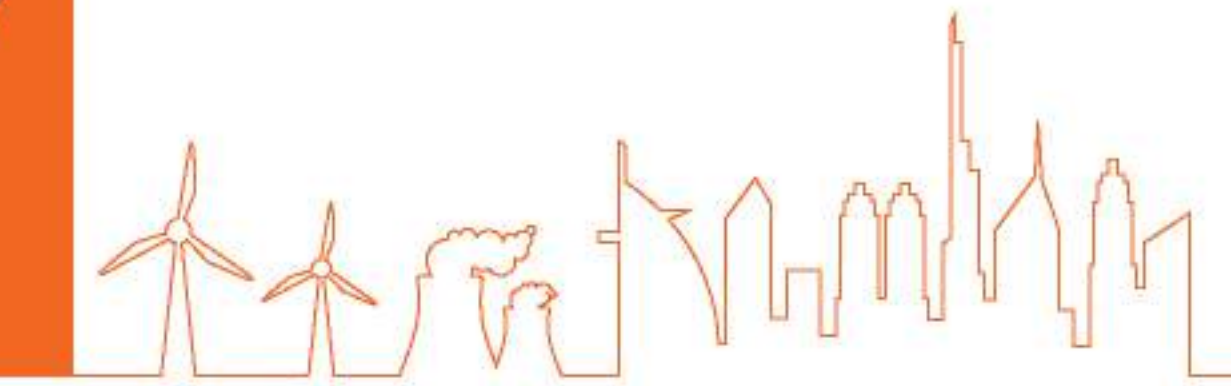

- 150mw thermal power plant
- Iron ore mine linkages in Africa
- Coal linkages in Indonesia
- 50mw solar power plant

ACHIEVEMENTS

- ★ Kamachi TMT comes from South India's first fully integrated steel plant dedicated for TMT
- ★ Kamachi TMT is South India's fastest growing TMT brand
- ★ Selected as "Indian Power Brand 2013"

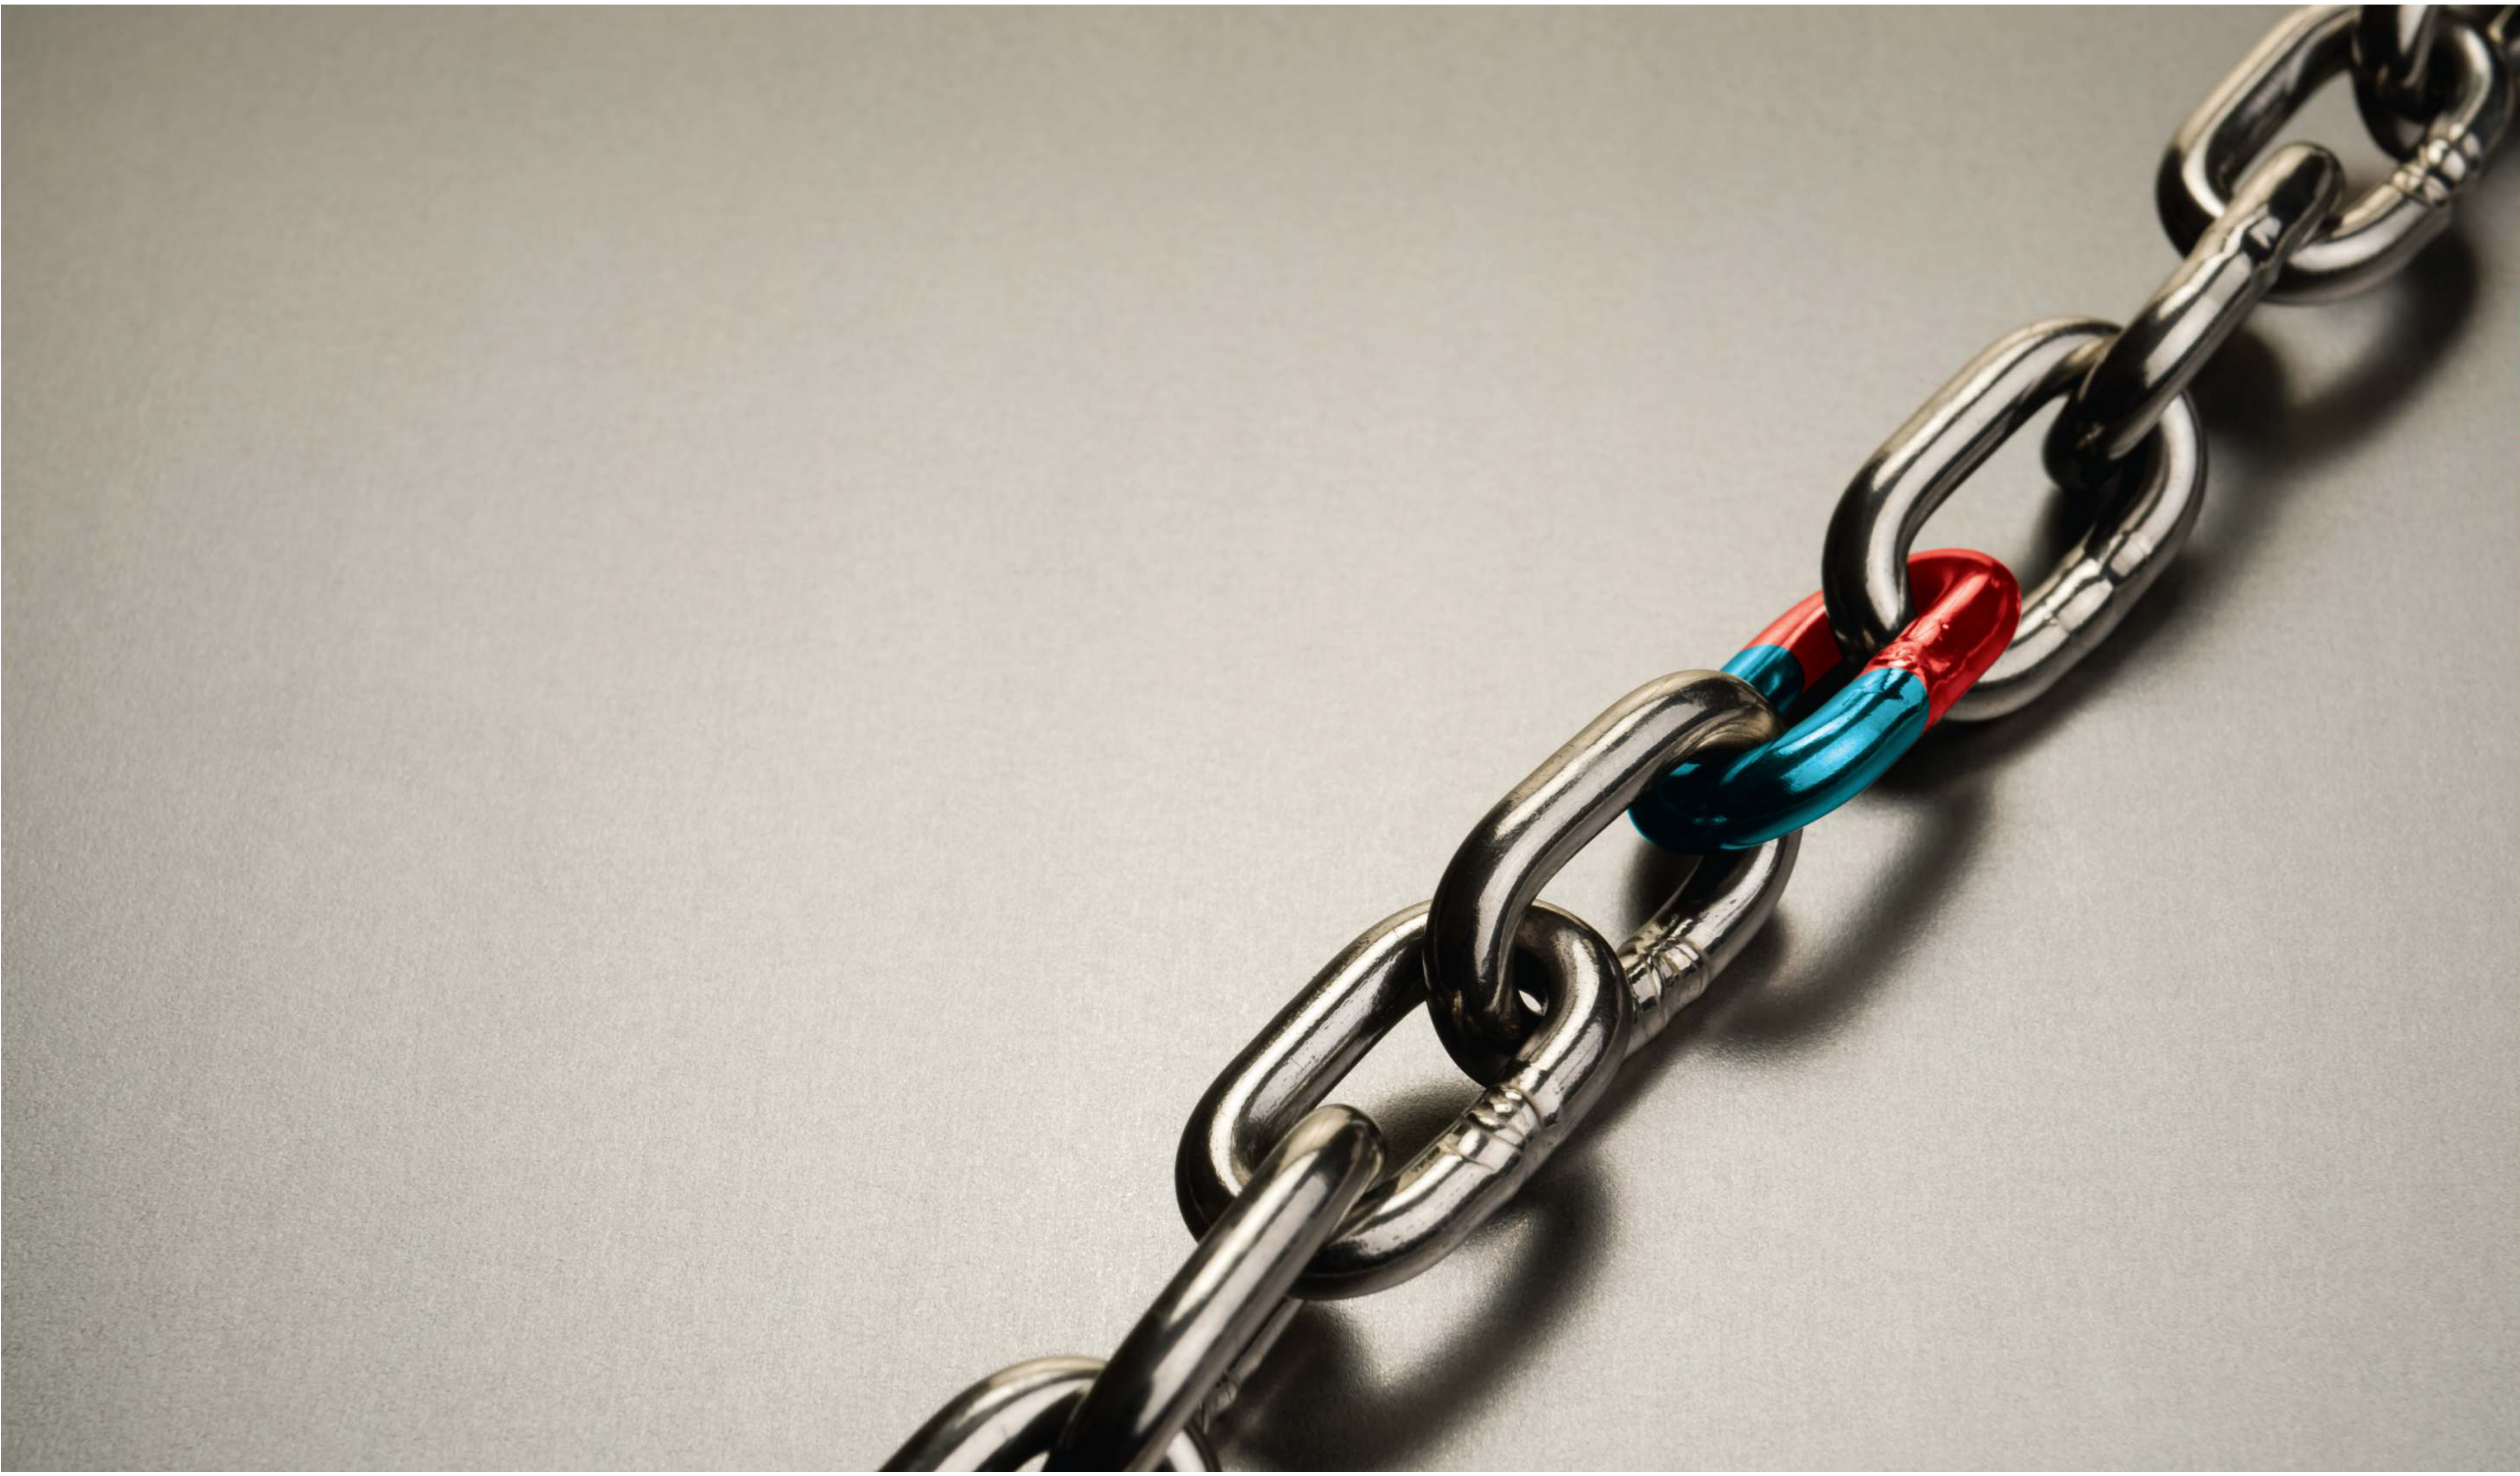

THE RESOLVE FOR CORPORATE SOCIAL RESPONSIBILITY

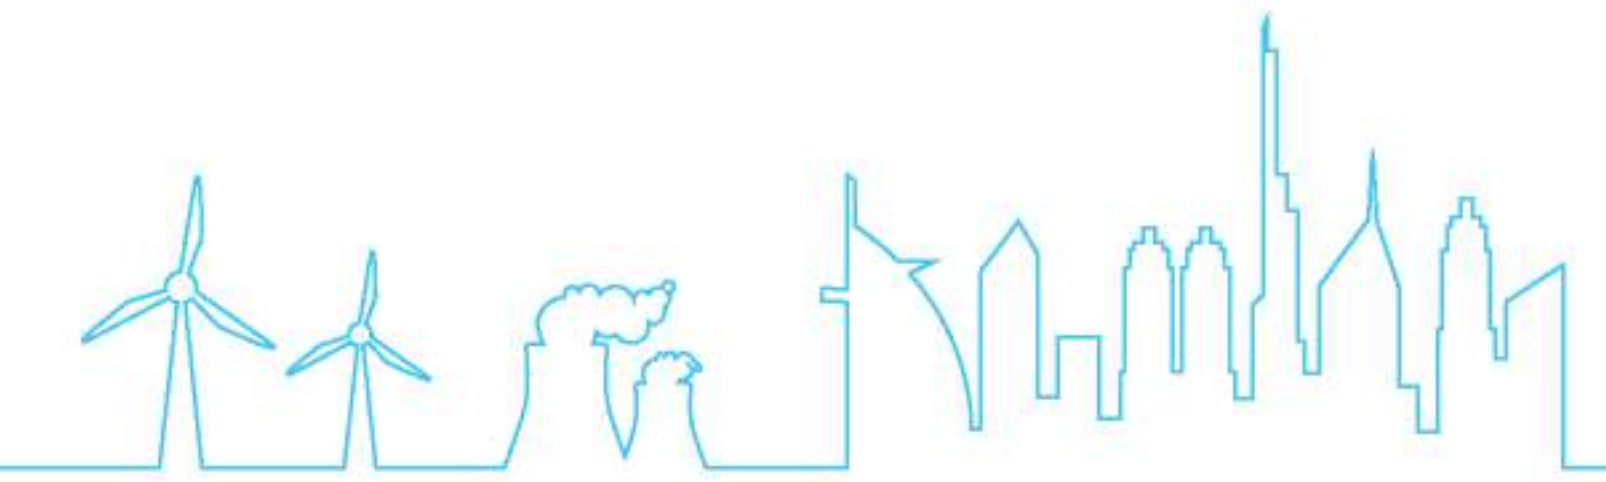

To be socially responsible towards the community is endemic to the Group's ethos. The group engages in a variety of initiatives that contribute to society.

- 3000 skilled/unskilled residents in surrounding areas are directly/indirectly employed
- Cash and kind contributions for charitable, educational and other developmental activities
- Support for developing the local village school where the factories are located

- Monthly food requirements of old people in surrounding villages are taken care of
- Revamping local worship places and taking an active interest in the community celebrations
- Conducting free eye care & dental care camps
- Working with Rotary International for upliftment of villagers, running workshops, funding teachers and by contributing tuition fees for poor students
- Working with Mahaveer Education Trust to help poor students get proper education

GROUP COMPANIES

KAMACHI SPONGE & POWER CORPORATION LTD.

Our flagship company, Kamachi Sponge and Power Corporation Limited (KSPCL), is a fully integrated steel & power plant designed to manufacture clean steel with continuous backward and forward integration. It produces Kamachi TMT re-bars from continuous cast billets made from virgin iron ore. The steel making facility is spread across 60 hectares and is equipped with state-of-the-art German technology and facilities to offer steel of world class standards. The factory can be classified into 5 divisions which are run as individual profit centers and are yet, fully integrated to ensure peak performance and maintain the desired quality.

Our Zero Waste Disposal policy ensures all by-products generated are utilised completely.

DRI/SPONGE IRON DIVISION

120,000 MTPA of installed capacity with a configuration of 4x100 TPD kilns. This division can handle iron ore to pellets and maintains its own crushers to handle ore sizes upto 200mm.

STEEL MELTING DIVISION

205,000 MTPA of installed capacity of mild steel billets up to 12mtr x 160mm in size. With continuous casting and Liquid Refining Furnaces (LRF), alloy grade quality can be maintained.

ROLLING MILL DIVISION

500,000 MPTA installed capacity. State-of-the-art horizontal and vertical configuration German rolling mill and TMT technology from Thermex to produce world class re-bars ranging from 8mm to 52mm in size with customised lengths.

10MW POWER DIVISION

This innovative project generates 10MW of power from excess heat recovered from sponge iron Kilns, thereby controlling emissions as per international standards and reducing our Carbon footprint. This project is also registered for Carbon Credit.

70MW POWER DIVISION

Meets the captive power requirement of the entire plant. Surplus power is exported to TNEB & third parties. Latest CFBC boilers ensure maximum efficiency and maintains its own 230KV switch yard to reduce transmission losses.

KAMACHI STEELS LTD.

Incorporated in 1995, it is an integrated plant with multi-location steel processing. It manufactures billets via the continuous concast route and rolls re-bars with Thermex technology to ensure consistent quality. Together, the installed capacity is 180,000 MPTA and the company also maintains its own stockyard of above 1,50,000 sq.ft.

The company meets its partial power requirements through its wind energy investments.

GOYAL ISPAT LTD.

Goyal Ispat Ltd. was taken over as a sick company by Kamachi Group in 2001. Under the able leadership of Mr. Ghisulal Kothari the company had a turnaround, cleared all its accumulated losses and is now a profit making company. The company engages in rolling re-bars with Thermex technology and also engages in iron & steel trading. With an installed capacity of 75,000 MTPA, it produces the well-known Kothari TMT Ribbed Bar, like Kamachi Steels Ltd. The product is of superior quality and has an established market presence. It also holds the distinction of being a pioneer in registering Tamil Nadu's first TMT brand.

MAA DURGA ENTERPRISES LTD.

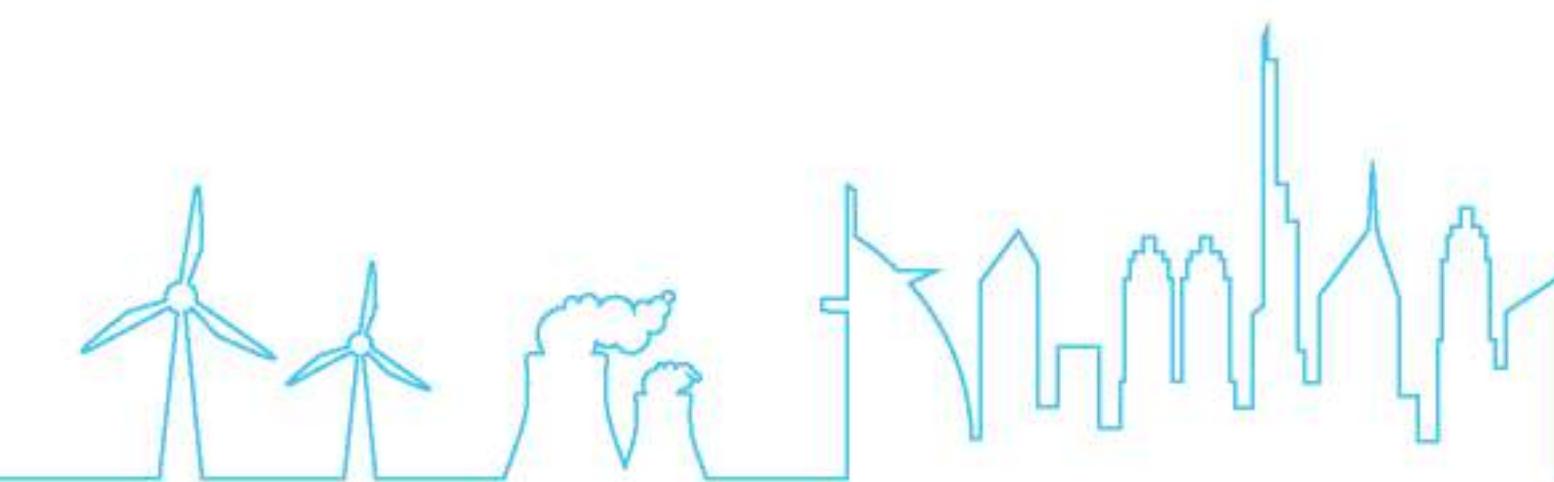

MAA Durga Enterprises Limited was a sick unit taken over by Kamachi Group in 2004. With the infusion of more funds, and the experience of its directors and key managerial personnel, the company experienced a turnaround within a year of its takeover.

KAMACHI GRANITES PVT. LTD.

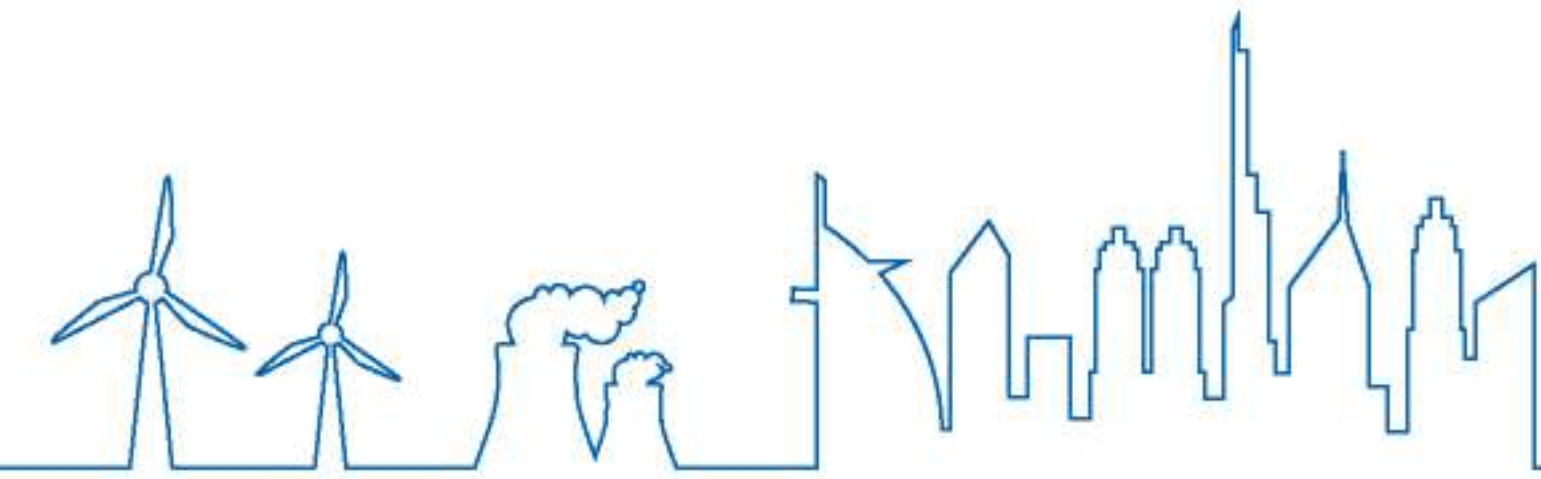

Kamachi Granites Pvt Ltd was incorporated on 31st August 1999. The company is engaged in the manufacturing of mirror-polished granite slabs with a capacity to cut/polish 40,000 sq.m. per annum and marble with a capacity of 1,00,000 sq. ft. per annum. This modern factory ensures dimensional accuracy till the final finishing.

KI (INTERNATIONAL) LTD.

The company is one of the largest importers and traders of iron and steel scraps, re-rollables, semi- and finished products. It has over 2,00,000 sq.ft. stockyard in the heart of the steel market. It was formed in 2005 after taking over the trading business of the group which has been in existence for the last three decades.
